Sobre o curso

Learn the business value and product capabilities of Power Platform.

Create simple Power Apps, connect data with Dataverse, build a Power BI Dashboard, automate processes with Power Automate, and build a chatbot with Power Virtual Agents.

This course does not provide time for students to participate in hands-on labs. If you are interested in a more interactive hands-on lab experience, consider the PL-900: Microsoft Power Platform Fundamentals (2 days) course, which includes trainer-directed hands-on labs. The content for both courses align to the PL-900 exam objective domain.
